➤ **Square Update** – Brooke Birmingham uses Square for her business and has found it to be both efficient and effective. Here is the info she shared with me:

- Ensure that the Square App is updated prior to use
- Connect to the app before the event to set up “choices” for purchase, such as the following:
 - 1 family dance entry deal (1 price per family) - \$10
 - 1 family dance deal (family dance entry + 10 concession tickets) - \$20
 - 1 concession ticket - price
 - 5 concession tickets - price
 - 10 concession tickets – price
- This preset option provision allows for faster transaction and less customer service support
- Brooke uses Square a fair amount and has not had connectivity issues based on updating the app and getting the items for purchase pre-organized
- She used it at our recent NCES Winter Market and had no challenges with connectivity here (or anytime she’s used this app)
- Coloring station (fundraising/school generated funds to spend money on plastic bins for the school dance, pencil crayons)
- Suzanne looking into lilo and stich as the movie (Andy and Cricket to assist)
- Beach theme coloring sheets
- Leis, Ringpops, glow sticks (Kristen to order)
- Letting ppl know in the beacon that there will be flashing lights at the dance
- Jen-Costco Run, Bre to help if needed

➤ **New Business**

- Kristen apple creek golf course

Response to email she sent: I spoke with Apple Creek today (yay!) and the fundraiser offer IS as good as advertised. We sell within a 30 day window, and we get back 75% of each \$30.00 card purchased (they send us a cheque). Cards are good for Monday-Thursday, but don't have a required redemption period and they let me know that come summer, they'll be open longer hours during the week. Is everyone good with running this fundraiser for the month of June? We don't need to collect payment, and purchasers just need to take their email confirmation to Apple Creek to get their cards, so no distribution headaches either.

- Kristen Bank Balances
- Suzanne presenting quotes from RVS tech team regarding new iPad/Chromebooks. Fundraising committee to use past casino funds to assist with purchasing new ones. Fundraising committee to review quotes provided by Suzanne to make an executive decision that will best fit the needs of the current and present students.
- New projectors needed in classrooms. NCES getting a few tests ones
- Suzanne 2034 new playground will be needed
- Casino-Nicole (Casino lead)
 - Casino advisors, cash/cage, count room, AGLC approved, \$661(2 days)
 - We hire outside
 - Advisor to support us through the process \$1578 for 2 days
 - We sign a contract, they will walk us through everything
 - Min 5 positions, would like 20 or more people
 - Would like to have all the volunteers spoken for before the end of this current school year
 - Check needs to be ready at the end of the event to pay the advisor
 - Link in the beacon with expression of interest, sign up
 - Key positions need to be friends of nose creek
 - Nicole to be checking what key volunteer positions are
 - Sending out info on key roles
 - Suzanne to put out a QR code at the volunteer tea for casino interest
- We still have a Roughnecks game coming up - Saturday, April 20. Suzanne, could you possibly pump this up in next week's Beacon?

➤ **Next Meeting: May 7, 2024 7:00pm Design Commons**
